

Preferred Partner for Maritime Connectivity Solutions

GEO

Reliable coverage across the globe for consistent connectivity wherever you operate.

LEO

Low latency. High performance. Next-generation connectivity for mission-critical operations.

MARINE 5G / 4G / LTE

Seamless cellular connectivity along coastlines and in remote areas.

SMART MARITIME SECURITY

Secure your vessels and data with intelligent protection and 24/7 monitoring.

Your Complete Connectivity Ecosystem

CONNECT | SECURE | MANAGE | COMPLY

Connectivity

GEO SATELLITE CONNECTIVITY

Reliable, global satellite connectivity for uninterrupted communication.

LEO SATELLITE CONNECTIVITY

High-speed, low-latency connectivity for modern maritime operations.

MARINE 5G / 4G / LTE

High-performance cellular connectivity using advanced antennas and reliable routers.

SECURITY SOLUTIONS

SMART MARITIME SECURITY

AI-powered CCTV and cybersecurity solutions to protect vessels and operations.

SECURED EMAIL PLATFORM

Secure email communications and data solutions designed to safeguard ship-to-shore operations.

WIRELESS SASE PLATFORM

Secure, intelligent connectivity and network access for distributed maritime operations.

NETWORK & SERVICES

IT NETWORK MANAGEMENT

Robust onboard network infrastructure and management for reliable, connected vessel operations.

OTHER SERVICES

Tracking & LRIT testing and certification support for regulatory compliance.

24/7/365
WORLDWIDE
SUPPORT

Global Presence

Strategic locations and partners worldwide.

Expert Team

Experienced engineers you can count on

Rapid Response

Quick support to keep you operational
