COMPANY MILESTONE

ABOUT US

Established: 1976
Headquarters: Singapore
Experience: 49 years
Team: Factory-trained engineers

Who We Are:

Jason Electronics is a leading provider of integrated solutions for marine communication, navigation, and automation systems. With a strong commitment to excellence and safety, we offer a full suite of turnkey and innovative solutions, including customized system integration.

Our Vision:

To be a Global World Class Company In Marine Electronics

Our Mission:

Enhancing the well-being of the marine community by providing unparalleled solutions and services on communications and navigational safety

Our Values:

Commitment, Character, Competence

Our Specializations:

Navigation, communication, automation systems, Statutory radio surveys, Annual performance tests for VDR, After-sales services

Certifications:

ISO 9001:2015 (Quality Management Systems), ISO 45001, ISO 27001

Our Commitment:

Backed by our Singapore headquarters, we ensure consistent and quality service to our customers. Our team of engineers is dedicated to fixing equipment on time, ensuring vessels are ready to leave the port without delay.

Regional Presence:

We have established a strong presence in markets such as Indonesia, China, Thailand, India, and Europe, providing reliable technical support on short notice.

Our Service Philosophy:

One-Time Fixed

Our Commitment to ESG:

Jason Marine is committed to ESG by aligning with UN Sustainable Development Goals, reducing environmental impact, and promoting ethical governance. It also supports community outreach, employee wellness, and transparent digital ESG reporting
